

February 5, 2021

Dear Parents and Guardians:

On Monday, we will open our doors for in-person learning to preschool, Kindergarten, third grade, and sixth grade students whose parents chose this option. We are excited to see students in our classrooms again! We have been preparing the buildings and the teachers are anxious to greet their students. We have done our best to ensure that all health and safety protocols are in place so that everyone remains healthy.

If you have not done so already, please review the attached, updated COVID Handbook that we sent out last week. The updated version is also on our website. There is very important information in the handbook that you need to be aware of before sending your child to school.

If you chose the remote option, your child's education will remain the same, as it has been since the beginning of this school year other than on Monday for the four grade levels listed above in the first paragraph. You will receive information directly from your child's teacher about the change for the first day.

Your cooperation is essential for making this successful. We thank you for helping to keep our children, their families, and our staff healthy by following the health and safety protocols.

We are so excited for Monday and look forward to seeing children in our schools again!

Sincerely,

*Lou*
