

March 19, 2021

Dear District 91 Families:

With the recent mass killing in Atlanta, I want to take a moment and remind everyone that hate has no place in our community or in our schools. District 91 strongly believes in the words and actions outlined in our Equity Imperative and feel that it is our obligation to condemn hateful actions when they occur.

While a motive for the mass shootings in Atlanta is not yet determined, Asian Americans across the country have expressed fear and concern in the wake of an increase in anti-Asian violence over the last year.

We must stand united against such violence, support our Asian friends and neighbors, and always remember that all people, regardless of race or ethnicity, are welcomed and supported in our community.

Sincerely,

*Lou*

Lou Cavallo  
Superintendent of Schools
