

Student Services

# Remote Learning Report

Forest Park School District 91

## WELCOME FRIENDS

### When it comes to Student Services,

it really does take a village. That is especially true when providing everything our children with special needs require here in Forest Park. Working together with the Community Center, the Public Library, the Park District and the Village of Forest Park has been amazing, whether setting up individual learning stations at childcare facilities or getting books and educational materials delivered to families at home. It is heartwarming to see these organizations supporting one another and District 91 on a daily basis to provide the best for our students.

I am particularly proud of our teachers and staff, who are working long hours every week to find new ways to teach and support our students. In addition to academics, they focus on social and emotional learning (SEL) to ensure that our students have a solid foundation for a healthier adjustment and academic performance.

Finally, I am grateful to our parents and caregivers, who are making tremendous efforts each day to promote attendance, participation and motivation with their kids. Here's to Forest Park!

Stay strong! Stay healthy!

Sincerely,

Michelle Hopper  
Director of Student Services
